

QUICK START GUIDE

1

Insert the supplied batteries

2

Scan the QR code to download the Konquest+ App or search Konquest+ in the App Store (iOS) Google Play Store (Android).

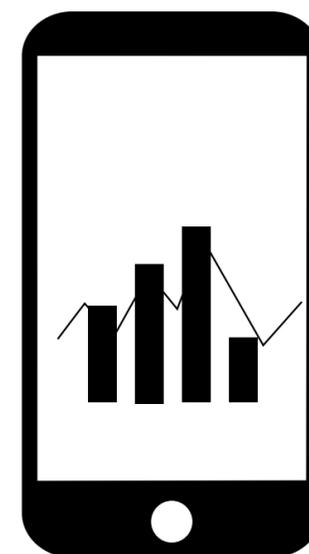

Turn on your smartphone's Bluetooth and fill in your personal information, then click "SAVE" to search the device.

3

Step on the body scale with no shoes or socks. Make sure the 4 sensors on the scale are in contact with your skin directly.

4

New data received. Click "YES" to save the data.
